Dear Mr. Weisberg,

I am extreamly interested in obtaining copies of your Whitewash series. Please mail them to me C.O.D. or inform me as to how I might purchase them.

I am also interested in knowing if, in your research, the name Annie Patterson has ever come up. Several years ago, in my capicity as an Editor for a small newspaper, she came to me with what I thought then was an outlandish story re the Kennedy Assassination. Now in retrospect some of her yarns seem a bit more believable. She left files with me and excerpts

2915 Shipper Creek Dr.
Ft. Miami, Fla. 33143

from A book she planned to write. I would be more than willing to share these materials with any serious researcher should they prove to have any value.

Lastly, knowing of your efforts to have classified documents Released, I would like for you to somehow make clear for me the status and nature of the documents still in the Archives. There is much confusion surrounding this and I would like to know if it is possible for a "smoking gun" to be in existance there.

I applaud your work and thank you for your co-operation

Sincerely, Kingsley Barham
